REMARKS

Present Status of Application

The Examiner issued a restriction requirement. According to the Office Action, there are patentably distinct species in the claimed invention and a restriction to one of these species in claims is required under 35 U.S.C. 121.

According to species made by the Office Action, Applicant elects the Species III (semiconductor package with a first package and a plurality of second package wherein the corner of each of the second package faces a side of the first package), specified in claims 11-15, while new claims 24 and 25 have been added. Please cancel claims 1-10 and 16-23 without prejudice, disclaimer or waiver. Applicant also reserves the right to pursue the subject matter of the non-elected claims in a divisional application if Applicants so choose.

CONCLUSION

In view of the foregoing, claims 11-15 remain pending in the application and new claims 24 and 25 have been added. Favorable consideration and allowance of the present application and all pending claims are hereby courteously requested. In the event a telephone conversation would expedite the prosecution of this application, the Examiner is encouraged to contact the undersigned attorney to discuss the application.

Respectfully submitted,
